Church Photo Directory

The first edition of our Parish Photo Directory is complete. After some discussion we decided to not keep the directory on our website at this time. We are working towards setting up a secure, password protected site where this directory can be posted without concerns of your name, address and phone number being available to anyone who visits our site. There are CD copies of the Photo Directory available at the Receptionist's Desk so that you can download the directory into your home computer. If you do not use a computer at home sign up for a copy and arrangements will be made to provide a copy for your family. Thank you to everyone who had their pictures made. We appreciate your participation.

Simple Church Process

The Vestry of Resurrection is committed to developing a clear and intentional process for creating disciples of Jesus. As we work toward articulating that Vision we feel it important to share our progress. With the goal of all members becoming Christ Centered followers of Jesus, we envision a three step process toward that goal, with the following image to illustrate it:

1. One starts in **the Foyer...** as we enter into worship together.
2. You continue to **the Living Room...** where we begin to participate in ministry.
3. As we become family, we move to **the Kitchen...** where relationship with God and others is nurtured in small groups.

As we move forward in the coming months, we will be refining this image and begin applying it to our planning and organization. We invite you to join us in the journey to becoming more fruitful and faithful disciples of Jesus.
